

CERBERUS FOR MSSPs

CRIMINALS USING THE DARK WEB
THINK YOU CAN'T SEE THEM,
WITH CERBERUS, YOU CAN.

SUPERCHARGE YOUR SOC OPERATIONS

Cerberus allows cybersecurity teams to safely navigate the most comprehensive dataset of clear, deep, and dark web sources. Built hand-in-hand with national law enforcement agencies, it has already been used to identify breached customer and supply chain credentials, to understand the pre-attack tactic, techniques, and procedures (TTPs) of cybercriminals, and successfully prevent financially crippling attacks.

ENHANCE CUSTOMER REPORTING

Improve your monthly pre-attack reports with Cerberus' dark web & ransomware group intelligence.

IDENTIFY THREAT ACTORS

Explore live and historic dark web data, without putting your employees or infrastructure at risk

STRENGTHEN YOUR CYBER POSTURE

Defend your own and customers' assets with insight into threat groups allowing you to take better offensive and defensive action.

ILLUMINATE DEEP AND DARK WEB THREATS AND PREVENT ATTACKS

Build on your team's intelligence with dark web data to identify and defend against criminal groups.

THREAT INTELLIGENCE

Access more than 15 years of indexed data from marketplaces, forums, and leak sites.

COUNTER-RANSOMWARE

Get real-time intelligence on active groups you can share with customers, at a fraction of the cost of static intelligence reports.

CYBERSECURITY

Identify dark web chatter around your customer's organization, understand your threat posture, and inform incident response investigations.

THE WORLD'S MOST POWERFUL DARK WEB INVESTIGATION TOOL.

MSSPs AROUND THE WORLD RELY ON CERBERUS EVERY DAY TO DEFEND THEIR PEOPLE, REVENUE, AND SOCIETY FROM HIDDEN CRIMINAL ACTIVITY.

HOW IT WORKS

Cerberus creates a mirror image of the dark web so your teams can safely navigate the most comprehensive dataset of clear, deep, and dark web sources. Investigate live sites or search back through more than a decade of historic data.

Simple case management and reporting allow you to easily maintain, audit, and report on multiple investigations in real-time so you can focus on keeping your people and customers' data safe online.

SAVE MANPOWER

Cerberus is intuitive to use and built to save staff time. Best of all, there's no installation required.

SECURE

See what criminals don't want you to see, without putting your team or infrastructure at risk.

PROVEN

Used by leading investigators and security professionals to access specific and actionable insights.
