MANAGE YOUR SUPPLY CHAIN

Get visibility into your suppliers' exposure before it impacts your organization.

STOP INSIDER AND EXECUTIVE THREATS

Spot the early threat intelligence to defend your people, VIPs, and business.

THE DARK WEB MONITORING PLATFORM OF LAW ENFORCEMENT AGENCIES

ORGANIZATIONS AROUND THE WORLD RELY ON DARKIQ TO IDENTIFY THE EARLIEST INDICATORS OF AN ATTACK TO DEFEND THEIR BRAND, SUPPLIERS, AND PEOPLE WITH ACTIONABLE DARK WEB ALERTS.

HOW IT WORKS

DarkIQ automatically scans your organization's attributes, such as domains, IPs, and cloud buckets, against over 8 million dark and deep web records. Our automated analyst then categorizes, removes false positives, and proactively alerts you to imminent threats against your organization.

Best of all, there's no installation required. You can create a standard operating procedure to analyze dark web activity for your company, supply chain partners, and criminal operations of interest under a single account, expanding your defensive radar without exhausting your manpower–so you can gather intelligence, pre-empt attacks, and keep your personnel safe.

ENHANCE YOUR SECURITY STACK

With our intuitive, no-install platform, or integrate our API threat intel into your SIEM.

SAVE MANPOWER

Automatically collect evidence on groups of interest without stretching your resources.

PROVEN

Used by LEAs to defend their personnel and society from hidden criminal activity.
